*SEEKING 2-3 INTERNS FOR THE SUMMER 2011 SEASON
(EARLY MAY-AUG, SEPT, or OCT)*

PEAKED MOUNTAIN FARM (sheep dairy) together with **BIG PICTURE FARM** (goat dairy) represent a collaboration of skills and aspirations that is rare in today's ever-evolving, value-added, small sustainable farm movement. Our partnership has been formed between like-minded individuals dedicated to producing farm-generated high-end products and experiences to an already established and appreciative clientele.

WE OPEN OUR DOORS each year to individuals whose skills and ambitions complement our own. We have a well established track record training interns in a stimulating, hard working, but comfortable environment. When we select the right interns to join our team, we learn as much from them as they do from us, and we are open to explore specific interests you may want to develop while working with us.

YOU WILL LEARN ABOUT **cheese making, animal husbandry, artisanal bakery, farmstead charcuterie & confections, farmers markets, agro-tourism, value-added gourmet food production, and communal culinary experiences.**

STIPEND: \$200.00 per week (plus food allowance)

HOUSING: Private bedrooms in beautiful cottage (equipped with private bath and a full restaurant style kitchen)

WE ARE LOOKING FOR hard-working students with lively curiosities and healthy senses of humor. We have found that "partners" linked by mutual respect for each other and tied by friendships already established can go a long way toward lifting morale and exploiting the unique opportunities our operation can provide. Our **IDEAL CANDIDATE would be an ag-major keenly interested in fine food products or a culinary student interested in applying their skills to a rural setting.**

Please send cover letter & resume (include references)
